## Dedication

In recognition of his loyalty to  
Morris Harvey College, and  
of his faithful service to the  
school and its students as Pro-  
fessor of Psychology and  
Dean of the College for a  
period of thirteen years,  
the Staff respectfully  
dedicates the 1929  
Harveyan to

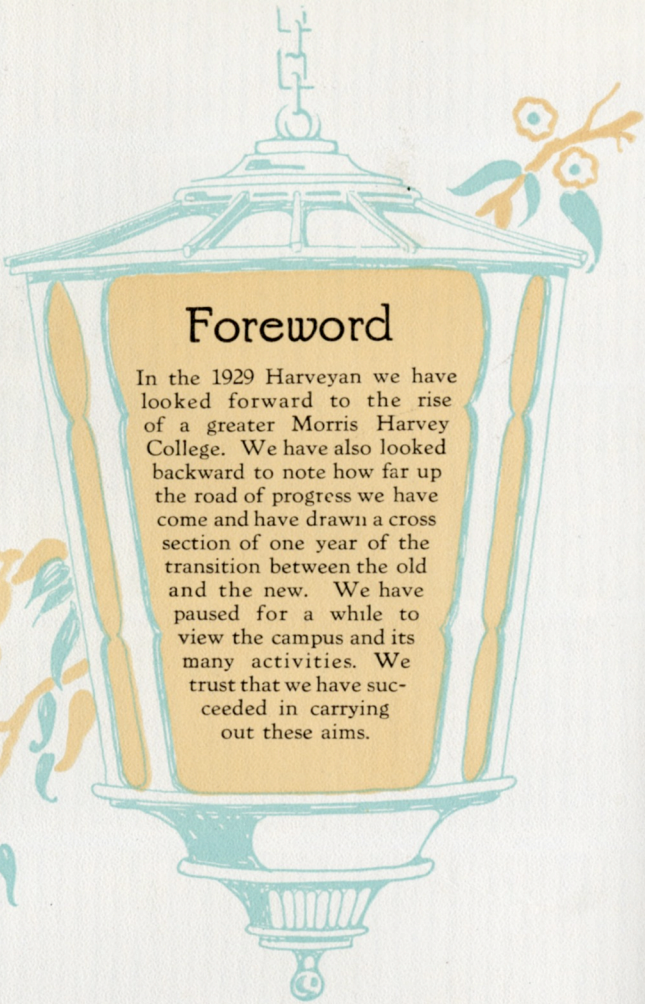

**DEAN HARRY F. TOOTHMAN**

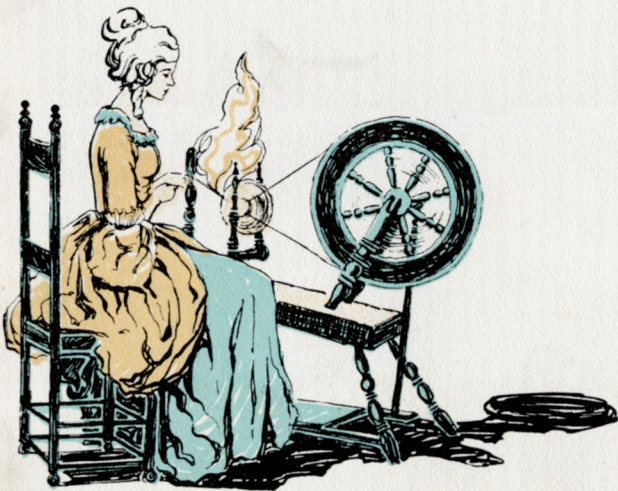

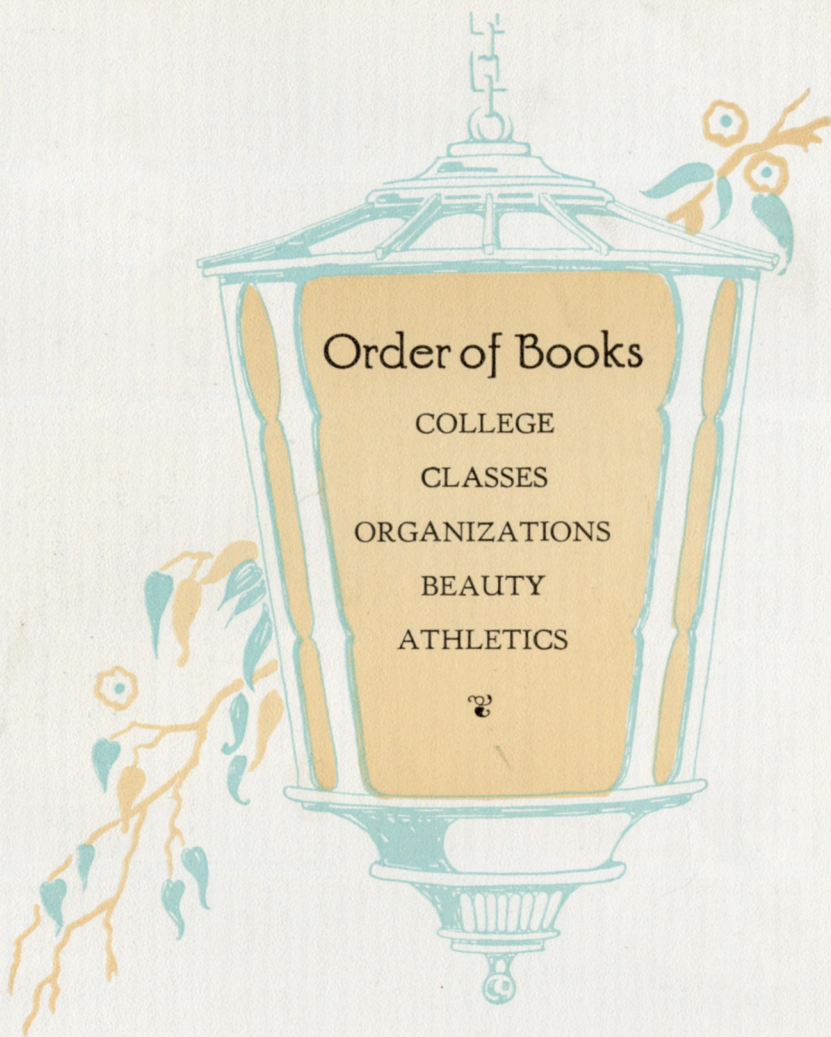

## Foreword

In the 1929 Harveyan we have looked forward to the rise of a greater Morris Harvey College. We have also looked backward to note how far up the road of progress we have come and have drawn a cross section of one year of the transition between the old and the new. We have paused for a while to view the campus and its many activities. We trust that we have succeeded in carrying out these aims.

Morris Harvey College is fortunate in having its destiny entrusted to a man of the splendid character and the superb training of Dr. Ruff. Since he came to Barboursville the College has entered upon a period of expansion and progress. A tremendous and sound building program has been outlined, adopted, and put into operation. By his friendly attitude towards the College constituency and his co-operation with the Board of Trust he has been instrumental in bringing about a new era in the history of the school. That his policies shall be continued is shown by the fact that he has been elected president of the College for another year.

"Preenie" Bell inspires confidence on the part of his fellow students. This is shown by the many important offices he has held. As president of the student body the popularity he gained in his Freshman, Sophomore, and Junior years has not been lost. This is a feat difficult to accomplish.

MADALYN M. BRADFORD

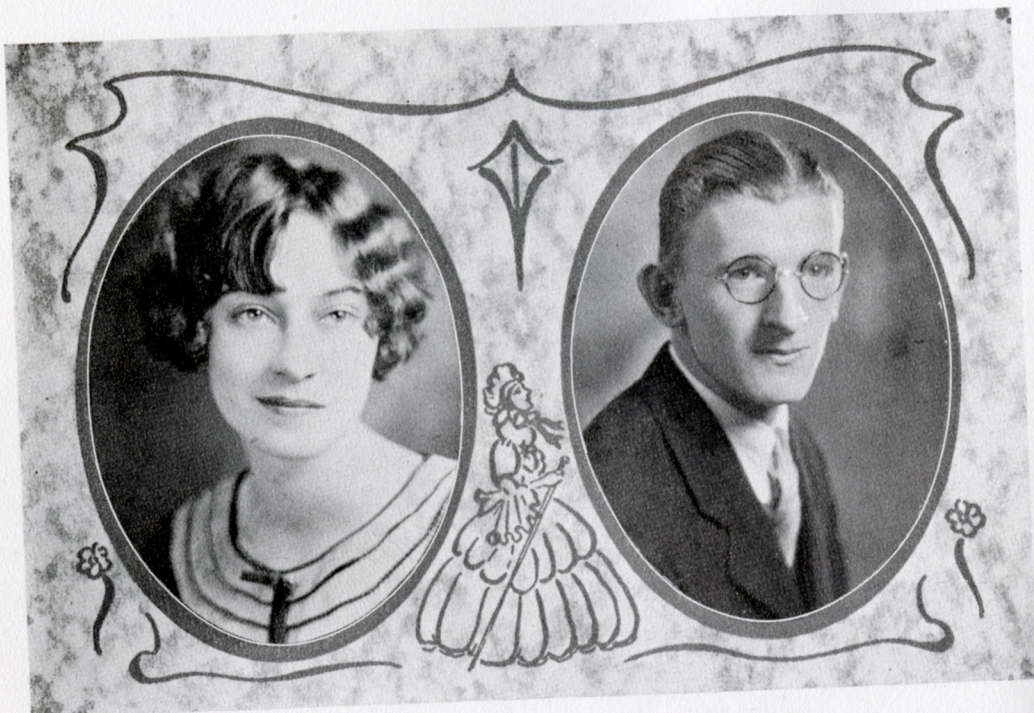

HUNTINGTON, W. VA.

Debating Club.

Marshall College Summer Schools of 1924 to 1928; Morris Harvey 1928-1929; President of Debating Club 1928-1929.

Mrs. Bradford exhausted the learning and opportunities offered at Marshall before she decided to cast her lot at Morris Harvey. She has made a splendid record during the time she has been here. In addition to being a good student she has also proved to be a capable debater.

The name of "Barney" Clay has become closely associated with that of Morris Harvey. His abilities cover a wide range of activities. In music, athletics, fraternities, and in social and literary pursuits he has been successful. His graduation will be a distinct loss to the college.

Keeling is a man easy to like and one of the most friendly persons on the campus. Not only is he a good student but he is always ready to lend a helping hand, and is an all-round good fellow. He has no reason to be ashamed of his record at Morris Harvey.

If we were to describe one of "Spider's" chief traits in his college career, we should use the word "versatility." In addition to his regular scholastic work he has found time to devote to athletics, fraternities, clubs, and publications. Last, but not least, he is the president of our class.

MELBA BLAKE FRANTZ

New River State's loss was Morris Harvey's gain when she decided to cast her lot with us. We are of one accord in believing that she is a charming, intelligent, and capable life-partner for our president. We are glad to have her graduate with our class.

Ora Rose Wintz is all that her name implies. She is, like the queen of flowers, the rose, winsome, loving, full of grace and beauty. The same spirit with which she conquers on the basketball court is carried over into all phases of her college life. To know her is to love her.

The Rural Life Club was organized at the opening of the Fall Quarter 1928, with a membership of twenty. The purpose was two-fold; to promote an interest in rural life among the students and the faculty on the campus; to render some definite services and to make some specific contributions to rural communities in the Huntington area. This latter purpose was carried out in two ways; by frequent visits to rural communities to assist in community meetings; by radio programs, which were broadcast over station WSAZ Huntington, West Virginia, every Saturday night throughout the school year. The club is affiliated with the American Collegiate Country Life Association.

## A Message from the President TO THE STUDENT BODY AND OTHERS

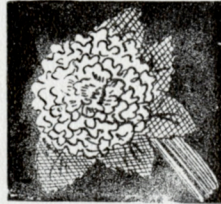

It gives me pleasure to use this space in the Harveyan to say a few words about our College. Dormitory facilities without comparison in this region are now ready here. Our class rooms are not in poor condition, and will compare well with those in other schools more than forty years old. However, our attention is now turning toward better class room and laboratory buildings, and the proposed building program provides for more of these than our present student body demands, as may be seen by the views of these buildings in the early part of this book. Our dormitories are larger, too, than the present student body needs. Our present object is to fill these dormitories with students. That is, we desire more than a normal growth—we look for a sudden increase in the size of our student body. We request that you aid us in this matter, both by recommending the school to prospective students, and by planning your activities and studies so that you as an individual will grow with the College.

With best wishes,  
ROBT. H. RUFF, *President.*
